Vroom up north

The North-South divide narrows as P1 club opens in Cheshire

■ Good news for mill owners and Man United footballers - Damon Hill's supercar hire firm is opening a branch up north in Cheshire. P1 North might sound like some new toll motorway, but such jokey comparisons stop dead when you realise it'll cost a lot more than £3 to access. First you'll need a £5,000 deposit to become one of 40

'founding members'; then there's an annual fee of up to £13,750, but for that you do get access to cars such as the Ferrari F430, Ford GT and Lambo Gallardo. Like the southern branch that opened in 2000, P1 North operates a points system that either lets you splash the lot on a few heady days in, say, a Vanquish S, or eke them out by spending winter in a Cayman S.
